

15 DALL-E 3 Prompts

1. **Wild life winter morning photography**

Majestic stag with heart-shaped antlers, tranquil winter morning. Large, darkbrown stag, mature, stands amidst frosted, light-blue grasses. Antlers form a heart shape, framed by soft, golden sunrise. Sunbeams, golden rays, radiate through trees in the background, creating a warm, ethereal glow. Sharp focus on the stag, gentle bokeh on background trees. Natural, outdoor setting. Frosted grass, detailed icy texture. Winter morning atmosphere. Tranquil, peaceful, and serene mood. Wildlife portrait. Detailed, realistic animal depiction, with soft lighting, nature photography style.

2. **Brazilian Favela Football**

Kids playing soccer on concrete pitch, laundry lines above, sunset over Rio's hills. Shot on Fujifilm X-T5.

3. **A Blue Jay bird wildlife photography**

A blue jay perched on a weathered, light brown wooden stump. The bird is centered in the image, facing slightly to its right, in a three-quarter profile view. Its plumage is predominantly white with vibrant blue wings and tail feathers, and a gray head. The bird's eyes are dark and attentive, and its beak is a black or dark gray. The stump is a medium-brown tone with visible wood grain and cracks. A blurred, light yellowish-green background subtly emphasizes the bird. The lighting is bright and even, highlighting the bird's details without harsh shadows. The perspective is slightly above the bird, focusing on its form and the texture of the stump. The overall style is a sharp, detailed close-up, with a clear focus on the bird and its surroundings.

4. **Arctic Research Station**

Scientists collecting ice cores under floodlights, aurora faint in background, Nikon Z9 with cold-weather gear.

5. **India Holi Festival Crowd**
